RE: Application of William C. Birch III d/b/a Merit Transportation, Inc. Dccket Number 2010-26-T

Public Service Commission:

Petitioner Various Transportation Companies listed at the end of this letter organized and existing pursuant to the laws of the state of South Carolina and either hold a Class C Non Emergency/Taxi/Charter Certificate, authorized to conduit Taxi and or non emergency medical Transportation operations by the South Carolina Public Service Commission.

As suc 1 we witness the Class C Non Emergency/Taxi/Charter business in the Georgetown / Horry / Florence Counties daily.

Business has slowed greatly in the past year. There appears to be more transportation companies in the area than there is business. For this reason we would ask that we be allowed to intervene in this application and to make our argument to the Commission and ORS with regard to the Certificate of Public Convenience and Necessity is already being met, by the providers listed below, along with many other companies that are not listed below.

Again, we would like to point out the fact that the need for *Public Convenience* and *Necessity* is already being met:

Thank you for your attention to this matter.

Sincerally,

Scott Hig see:
